# Information Security Policies

All current information security policies can be found on Google Drive. Please visit the following link to find out more:

- [Information Security Policies](#) (Google Drive folder)

These policies are developed, reviewed, and recommended by the Information Security Committee and approved by the Administrative Council. Below is a list of policies, links, and the last revision:

Policy	Status	Revised	Reviewed
--------	--------	---------	----------

# Approved Software Lists

# Data Team

The Data Team is made up of Martin Luther College employees tasked with fielding and investigating requests for perpetual access to various types of data on campus.
