

Printing

Students, Faculty, and Staff all have access to print services around campus. We utilize Novell [iPrint](#) and [PaperCut](#) to handle the print and print accounting services respectively. You can find our local installations below:

- MLC PaperCut Server: <http://papercut.mlc-wels.edu>

Printing is available in all computer labs on campus.

More Information

- [Print Credit](#) - information about checking and adding print credit
