

Adding a Link to a Webpage in your Moodle Course

Nearly anything with a web link can be shared to your Moodle course page.

Instructions

- Log into Moodle and enter your course site.
- Click the **Gear** in the upper right corner and choose **Turn Editing On**.
- Scroll to the course section where you want the link to be. Click **Add an activity or resource**.
- On the pop-up window, scroll to the bottom of the list. Choose **URL** and click **Add**.
- On the next screen, you'll see a few text boxes. You must fill in the top two.
 - Name: what students will see on the Moodle course page.
 - External URL: the link you want students to visit. It is easiest to copy and paste this.
- Scroll to the bottom and click **Save and return to course**.
