Course Surveys

A common end-of-course survey is conducted at the conclusion of all online courses in order to gather valuable feedback for course improvement. The survey instructions are sent out to your students by Rachel Feld via the Announcement Forum in your course. The survey is conducted via the MLC Portal, where you will be able to view a compilation of the survey results.

Accessing Results

- Use this link to access the survey area of MLC's Portal.
- Log in to the Portal with your Moodle username and password.
    - If you’re not prompted to log in, the login area is in the upper right.
- Select the survey for your course and the results should appear.

Additional Notes

- It can be helpful for you to add additional encouragement to your students to complete the survey.
- Once the survey is completed, the results are shared with the appropriate person(s) in the MLC administration and are available for the instructor to view via the MLC Portal.
- The survey questions were shared with all online instructors at some point in time. If you would like a new copy of the survey, simply contact Rachel Feld.
- You are welcome to create your own survey and administer it in addition to the common survey.
