

Showing Hidden Content

Hidden content cannot be seen by students. Content needs to be made visible before students can see it.

Instructions

1. Log into Moodle and enter your course site.
2. Click the gear in the upper right corner and choose **Turn editing on**.
3. Locate the hidden item you wish to make visible.
4. Click the **Edit** menu to the right of the item.
5. Choose **Show**.
6. The item will now be shown to students. There is no save button.
