

Schedule Planner Tool

The Schedule Planner tool allows you to select courses and organize them into a daily and weekly schedule. The tool has features that will show scheduling conflicts and help resolve those conflicts. You can add or drop courses, switch courses between semesters and immediately see how your selections affect your schedule.

Note: The use of the Schedule Planner does not automatically register you for your selected courses. Your academic advisor will give you more detailed instructions on registering when the time is appropriate.

Revision #3
